### Instructions:

1. Fold Mossy Meadow card base at score line. Adhere White Willow panel to inside of card.
2. Adhere the second White Willow panel to card front. Add the DSP panel to center of card front.
3. Adhere one of the Golden Glow strips to the lower 3rd of the card front with the dark side up, slightly to the right of center. Adhere the 2nd strip with the lighter side up overlapping the first and slightly to the left of center.
4. Add the Cloud Cover arch using dimensionals slightly lower and to the right of center, overlapping the strips.
5. With wet adhesive, layer the leaf die cuts in the center of the arch with the bases overlapping.
6. Stamp sentiment on the white label using Mossy Meadow ink (I used one from Fern & Flora). Adhere over the junction of the leaf die cuts using dimensionals.
7. Add Moody Palette Glossy Dots as desired.
